**Re: WC Docket No. 14-58
2016 ETC Annual Report of Arkwest Communications, Inc.
Study Area Code 401734**

Dear Ms. Dortch:

On behalf of Arkwest Communications, Inc. ("Arkwest"), JSI files the attached confidential version of the FCC Form 481 ETC annual reporting information pursuant to sections 54.313 and 54.422 of the Commission's rules.¹ Company seeks confidential treatment under Protective Order for section 54.313(f)(2) financial information.² The redacted version is being filed this date via the FCC's Electronic Comment Filing System. In addition, attached is a letter requesting confidential treatment under Sections 0.457 and 0.459 of the Company's Five-Year Service Quality Improvement Plan Progress Report required by Section 54.313.³

Please direct any questions regarding the filing to the undersigned.

Sincerely,

John Kuykendall
JSI Vice President
301-459-7590

**Re: WC Docket No. 14-58
2016 ETC Annual Report of Arkwest Communications, Inc.
Study Area Code 401734
Request for Confidentiality**

Dear Ms. Dortch:

John Staurulakis, Inc. ("JSI"), on behalf of its client Arkwest Communications, Inc. (the "Company") hereby requests, pursuant to Sections 0.457 and 0.459 of the Commission's rules,¹ withholding from public inspection certain information contained in an attachment to the above referenced reporting requirement. The Company provides the following in support of its request, numbered consistent with the subparagraphs of Section 0.459(b).²

1. The information for which the Company is seeking confidential treatment is an attachment to the Company's annual reporting information pursuant to Sections 54.313 and 54.422 of the Commission's rules ("Report").³
2. Pursuant to Section 54.313, Rate-of-Return Eligible Telecommunications Carriers ("ETCs") must file with the Commission a Progress Report on its Five-Year Service Quality Improvement Plan ("Progress Report") which is contained in the attachment to the 2016 Report.⁴
3. The information contained in attachment for which the Company seeks the withholding from public inspection is the entirety of data pertaining to the Company's Progress Report provided at FCC Form 481 Line 112 attachment. Information of this nature is confidential commercial information routinely withheld from public inspection.

¹ 47 C.F.R. §§ 0.457, 0.459.

² 47 C.F.R. § 0.459(b)(1) through (9).

³ 47 C.F.R. §§ 54.313, 54.422.

⁴ 47 C.F.R. §§ 54.313.

4. With respect to identifying the degree to which the subject attachment concerns a service that is subject to competition, the information is of a financial and competitive nature regarding the provision of telecommunications services. The Line 112 attachment contains competitively sensitive information related to proposed improvements or upgrades and maintenance the Company's network.

In its *March 5, 2013 Order*, the FCC. The FCC specified that for rate-of-return carriers, the five-year plans "should describe the carrier's network improvement plan, which should provide greater visibility into current plans to extend broadband service to unserved locations in rate-of-return service territories."⁵ The Company's Progress Report updates this information as well as provides maps and detailed information as to whether or not network improvement objectives were achieved at the wire center level. Accordingly, because the Company is a rate-of-return carrier, it must file Progress Reports which contain proprietary, competitively sensitive information related to the Company's existing network including the specific locations of customers as well as describe proposed improvements or upgrades and maintenance of its network throughout its service area. Specifically, this information sets forth services provided by the Company over its existing network including specific locations of customers as well as planned network improvement and maintenance for the years 2015 through 2019 including project start and completion dates, population that will be impacted by the improvements and upgrades at the wire center level and projected capital costs associated with the improvements and upgrades and operating costs associated with maintaining the network including depreciation for investments that have already been made. As such, this information contains competitively sensitive information related to the Company's existing network as well as detailed plans at the wire center level for network upgrades and maintenance projected for the years 2015 through 2019.

5. With respect to identifying possible exposure to competitive harm, the information contained in the Line 112 attachment is information that is not customarily released to the public. This information is proprietary to the Company, is unique to the Company's serving territory and is only known to the Company and its authorized agents. If the Information is not protected, it would have economic value to potential competitors who would be able to target their marketing to specific customers. In a competitive telecommunications marketplace, this type of information is highly sensitive. If publicly disclosed, it would enable competitors to craft business plans that capitalize on their knowledge of the locations of the Company's customers which would place the Company at a competitive disadvantage.
6. With respect to steps the Company has taken to ensure against unauthorized disclosure of the information contained in the attachment, the Company is filing

⁵ See *Connect America Fund et al.*, WC Docket 10-90 *et al.*, Order, DA 13-332 (rel. Mar. 5, 2013) ("*March 5, 2013 Order*") at para 9 citing Section 54.202(a) (1) (ii).

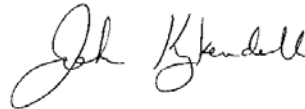

the attachment under seal. The Company uses the information contained in the Progress Report to ensure that its customers continue to receive state-of-the-art high quality telecommunications and broadband services that the Company has been providing to them for many years as well as to satisfy mandatory reporting requirements and does not share the information for which protection is sought. The Company protects the secrecy of this information with a security protocol that ensures the information is not inadvertently disclosed or disseminated. Only directors, managers and employees with a direct need to know are authorized to access the information.

7. Any previous versions of this information are not publicly available.
8. Because the information is not routinely available, a need exists for maintaining the confidentiality of this information permanently.
9. Not applicable.

Based on the preceding, JSI respectfully requests on behalf of the Company that the Commission grant confidential treatment under Section 0.459 to Company's Progress Report provided at FCC Form 481 Line 112 attachment.

Please contact the undersigned with any questions regarding this request.

Sincerely,

John Kuykendall
JSI Vice President

4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission’s public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?

Community Anchor Institutions – FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

If yes to 4003A, please provide a response for 4003B.

4003b. Provide the number, names and addresses of community anchor institutions to which the recipient newly began providing access to broadband service in the preceding calendar year.	Name of Attached Document Listing Required Information	
--	--	--

Broadband Deployment Locations – FCC 14-98 (paragraph 80)

4004a. Attach a list of geocoded locations to which broadband has been deployed as of the June 1st immediately preceding the July 1st filing deadline for the FCC Form 481.	Name of Attached Document Listing Required Information	
---	--	--

4004b. Attach evidence demonstrating that the recipient is meeting the relevant public service obligations for the identified locations. Materials must at least detail the pricing, offered broadband speed and data usage allowances available in the relevant geographic area.	Name of Attached Document Listing Required Information

Arkwest Communications, Inc.

Study Area Code: 401734

Response to Line 510 - Service Quality Standards and Consumer Protection Rules

Compliance – Voice and Broadband

In establishing this certification in its *2005 ETC Order*,¹ the FCC found that an ETC must make “a specific commitment to objective measures to protect consumers.”² The Commission found that for wireless ETCs, compliance with CTIA’s Consumer Code for Wireless Service would satisfy this requirement and that the sufficiency of other commitments would be considered on a case-by-case basis. In this context, the FCC stated, “to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement.”³

Arkwest Communications, Inc. (“Company”) hereby certifies that it is complying with applicable service quality standards and consumer protection rules related to voice service. The Company complies with current service quality and consumer protection provisions under state and federal law. These provisions include, but are not limited to, the following: 1) rules prohibiting discrimination and retaliation⁴; 2) the responsibility for safe and adequate service⁵; 3) customer relations requirements including directory listings, customer service, and complaint

procedures⁶; 4) billing regulations⁷; 5) suspension, termination and reconnection regulations⁸; 6) service standards affecting additions, changes, repairs, service interruptions and emergency response to outages⁹; 7) minimum grade of service¹⁰; 8) maintenance of service provisions¹¹; 9) quality standards¹²; 10) federal Truth-in-Billing Rules at 47 CFR § 64.2401; and 11) CPNI rules, Red Flag Rules and other applicable federal and state requirements governing the protection of customers' privacy.

For its broadband service, the Company hereby certifies that while there are no applicable state broadband service quality standards and consumer protection rules yet established by the Arkansas Public Service Commission, the Company discloses rates, terms and conditions on its public web site and the Company complies with applicable federal and state customer protection standards generally applicable to all businesses operating in Arkansas. In addition, the Company adheres to consumer protection obligations for broadband services under federal law. These obligations include, but are not limited to, the following: public disclosure of accurate information regarding network management practices, performance, and commercial terms of broadband internet access services; as a means of providing sufficient information for consumers to make informed choices regarding use of such services, and for content, application, service and device providers to develop, market, and maintain internet offerings as specified in F.C.C. 47 C.F.R. **Response to Line 610 - Ability to Function in Emergency Situations – Voice and
Broadband**

Arkwest Communications, Inc. (“Company”) hereby certifies that it is able to function in emergency situations as set forth in the Code of Federal Regulations, Title 47, Part 54, Subpart C, §54.202(a)(2).¹ The Company’s network is designed to remain functional in emergency situations without an external power source, supporting both voice and broadband service. The Company is also able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). The Company can change call routing translations as needed to reroute voice traffic around damaged facilities. Changing call routing translations also allows the Company to manage traffic spikes throughout its network, as emergency situations require.

Specifically related to the provisioning of voice service, the Company is able to function under emergency operations in accordance with numerous Arkansas Public Service Commission Telecommunications Providers Rules, which include the following subparts specific to emergency operations and adequacy of equipment:

1. Section 1.10. Safe and adequate service
2. Section 8.03. Emergency Repair Service
3. Section 8.04. Emergency Response to Outages
4. Section 10.01 Restoration of Service

¹ Section 54.202(a)(2) requires ETCs that are designated by the Commission to “demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations.”

5. Section 10.02 Inspection and Repair of Plant Facilities
6. Section 10.03 Central Office Maintenance Program
7. Section 10.05 Local Exchange Carrier Testing Responsibility
8. Section 10.07 Electrical Power Influence
9. Section 10.08 System and Equipment Protection
10. Section 11.01 Adequate Facilities
11. Section 11.06 Emergency Power Operations

These rules require telecommunications service providers to test and maintain their networks and facilities so as to render safe, efficient, and continuous service, and to make adequate provision for emergencies in order to prevent interruption of continuous telecommunications service. The Arkansas rules also require that telecommunications service providers equip their central offices with an emergency power source, either on the premises or wired to permit connection of a mobile power unit that is available on short notice with minimal travel time. The Company complies with all of the aforementioned regulations.

Rates, Terms and Conditions for Lifeline Service

(Response to Form 481, Line 1210)

Local exchange service rates and charges as specified below are for basic local exchange service, including Tone Dialing Service, and facilities only. The rates for other ancillary services not specifically shown below are presented in Arkwest Communications, Inc.'s tariff(s) on file with the Arkansas Public Service Commission. Unless otherwise specified, the rates and charges quoted below are for a period of one month, payable in advance and provide unlimited flat rate calling within the local exchange calling scope.

Residential Local Exchange Access Line Rates:⁽¹⁾⁽²⁾

Exchange Name	R-1 Rate	Res. EAS Charge
Belleville	\$ 18.00	\$ -
Bluffton	\$ 18.00	\$ -
Casa	\$ 18.00	\$ -
Danville	\$ 18.00	\$ -
Havana	\$ 18.00	\$ -
Ola	\$ 18.00	\$ -
Plainview	\$ 18.00	\$ -

⁽¹⁾ Above listed fees do not include mandatory taxes, fees and surcharges, including, but not limited to Arkansas Universal Service Fund charges, 9-1-1 fees, and municipal franchise fees.

⁽²⁾ Qualified Lifeline customers are eligible for Lifeline credits or discounts as outlined in the attached Lifeline tariff.

(cT/JYTF) 9. LIFELINE ASSISTANCE PROGRAM

9.1. General

9.1.1. The Lifeline Assistance Program provides for a federal credit equal to 100% of the Interstate Subscriber Line Charge and a \$2.75 local service reduction.

9.1.2. The discounts apply to monthly recurring rates for qualifying residential customers.

9.1.3. Discounts are applied to rates and charges for residential telephone service.

9.2. Regulations

9.2.1. Regulations specified in Section VII of this tariff or rate schedule apply to Lifeline Service.

9.2.2. Lifeline Service is available only with residence service, excluding foreign exchange service.

9.2.3. Lifeline Service is limited to one line per household at the customers primary residence.

9.2.4. The named subscriber to the local telecommunications service must

(RT)(AT) 9. LIFELINE ASSISTANCE PROGRAM

9.1 General

- 9.1.1 This tariff is effective on the date the new FCC rules on Lifeline become effective. Until that time, the existing Lifeline tariff of this ETC remains effective.
- 9.1.2 The Lifeline Assistance Program (hereinafter "Lifeline") is a retail local service offering designed to make telephone service available at reduced rates to qualifying low-income customers. Lifeline provides for a federal credit equal to 100% of the Interstate Subscriber Line Charge and a \$1.75 local service reduction.
- 9.1.3 The discounts apply to monthly recurring rates for qualifying residential customers.
- 9.1.4 Discounts are applied to rates and charges for residential telephone service.
- 9.1.5 The Lifeline Program rate reductions do not apply to long distance service, class services, special features, and other ancillary services which may or may not be tariffed. Eligible customer may obtain these services, where available, at their discretion.
- 9.1.6 The Lifeline Program rate reductions do not apply to service connections charges, however, a customer may qualify and receive assistance under the Link-up program as set forth in this ETC's tariff, independently of the Lifeline program.
- 9.1.7 A customer eligible for the Lifeline program is automatically eligible for the Link-up program. However, a customer may qualify and receive assistance under the Link-up program independently of the Lifeline program.
- 9.1.8 This ETC will implement all special disconnect procedures required for Lifeline customers.
- 9.1.9 This ETC shall not charge Lifeline customers with a monthly Number-Portability charge.
- 9.1.10 This ETC shall offer toll blocking to all qualifying applicants at the time such consumers subscribe to Lifeline service. If the consumer elects to receive toll blocking, that service shall become part of that consumer's Lifeline service. The customer is under no obligation to accept the subscription to toll blocking.

9.1.11 This ETC shall not collect a service deposit in order to initiate Lifeline service, if the qualifying consumer voluntarily elects toll blocking, where available, otherwise, this ETC may charge a service deposit in the ordinary course of business.

9.2 DESIGNATED LIFELINE PROGRAM SERVICE

9.2.1 General

9.2.1.1 Certain telephone services are specifically part of Lifeline service. Other services are optional. This ETC has a specific Lifeline offering.

9.2.2 This ETC shall offer the following services or functionalities defined to be qualified or designated, Lifeline program services:

1. Single party service
2. Local usage
3. Voice-grade access to the public network
4. Dual tone multi-frequency (DTMF) signaling or its functional equivalent
5. Access to emergency services
6. Access to operator services
7. Access to interexchange services
8. Access to directory assistance services
9. Toll blocking service

9.3 REGULATIONS

- 9.3.1 All the telecommunications provider rules and general tariffs of this company apply to lifeline service unless specifically in conflict with this Section and schedule
- 9.3.2 Lifeline Service is available only with residence services, excluding foreign exchange service.
- 9.3.3 Lifeline Service is limited to one line per household at the customer's primary residence.

9.4 QUALIFICATIONS

9.4.1 General

- 9.4.1.1 To qualify for lifeline service, applicants must be participants in certain governmental programs or qualify through a low income threshold.

9.4.2 Qualification through Governmental Program Participation

- 9.4.2.1 To qualify for lifeline service through governmental program participation applicants must participate in at least one (1) of the following governmental programs:

1. Department of Housing and Urban Development
2. Medicaid
3. Food Stamps
4. Supplemental Security Income (SSI)
5. Federal Public Housing Assistance Program
6. Low Income Home Energy Assistance Program

9.4.3 Qualification through low income eligibility

- 9.4.3.1 To qualify through low income eligibility, the applicant's income as defined in Sec. 54.400(f) must be at or below 135% of the federal poverty guidelines.

9.5 CERTIFICATION

9.5.1 General

- 9.5.1.1 Applicants for lifeline must meet the eligibility guidelines. A certification process shall be used to ensure only eligible applicants receive lifeline service.

9.5.2 Certification of eligibility through low income qualification.

- 9.5.2.1 This ETC intends to participate in the ALIVE Board program established by the Arkansas General Assembly in 2005 through Act 2289 of 2005 to provide a governmentally maintained income qualification certification process that includes self-certification by applicants, under penalty of perjury, that the documentation presented by the applicant accurately represents their annual household income and provides the number of individuals in the household. However, this process will not be in place by June 22, 2005. In the interim period between June 22 2005 and the certification process by the ALIVE Board, this ETC shall contract with a qualified third-party to certify applicants based upon income based eligibility. This ETC shall require the third-party to

establish appropriate procedures that include self-certification by applicants, under penalty of perjury, that the documentation presented by the applicant accurately represents their annual household income and provides the number of individuals in the household. The certifying document shall also include the requirement that the consumer will notify this ETC if the consumer's income exceeds 135% of the Federal Poverty Guidelines. The third party shall provide this ETC with a copy of such procedures. This ETC shall review the procedures to ensure the procedures are appropriate to certify and document income based eligibility for lifeline enrollment. An officer of this ETC shall monitor the third-party certification process and procedures and shall certify at time of enrollment, under penalty of perjury, to the best of the officer's knowledge, that this ETC has procedures in place to review documentation via third-party contract, and that the ETC, via the third-party, was presented with documentation that confirms the consumer's household eligibility, in that the consumer's household income is at or below 135% of the Federal Poverty Guidelines.

9.5.2.2 As soon as the ALIVE Board certification process is effective, this ETC shall monitor the ALIVE Board to ensure the ALIVE Board establishes appropriate procedures and provides this ETC with a copy of such procedures. This ETC shall review the procedures to ensure the procedures are appropriate to certify and document income based eligibility for lifeline enrollment. An officer of this ETC shall monitor the ALIVE Board certification process and procedures and shall certify at time of enrollment, under penalty of perjury, to the best of the officer's knowledge, that this ETC has procedures in place to review documentation via the ALIVE Board, and that the ETC, via the ALIVE Board, was presented with documentation that confirms the consumer's household eligibility, in that the consumer's household income is at or below 135% of the Federal Poverty Guidelines.

9.5.3 Certification of eligibility through participation in governmental programs.

9.5.3.1 The applicant's eligibility for lifeline service due to participation in governmental programs shall be certified by the applicant in coordination with the governmental entity providing, monitoring, or reviewing program participation. For instance, many programs may be provided by the Department of Human Services, Department of Health, and local school districts. This ETC, through the ALIVE board or the third-party, will coordinate with the applicant and the appropriate governmental entity to ensure proper certification. This ETC shall require the third-party to establish appropriate procedures that include self-certification by applicants, under penalty of perjury, that the applicant receives benefits from the eligibility programs and identify the program or programs from which the applicant receives benefits. The certifying document shall also include the requirement that the consumer will notify this ETC if the consumer ceases to participate in the program or programs.

9.6 CONSUMER COMPLAINT RESOLUTION

9.6.1 General

9.6.1.1 The Federal Lifeline Program requires a consumer complaint resolution process. The Arkansas Public Service Commission has determined in Order No. 1 of Docket No. 05-038-U that any ETC, which maintains tariffs and is subject to the Public Service Commission's consumer complaint procedures, meet the dispute resolution

requirements for Lifeline. This ETC is subject to the Public Service Commission's consumer complaint procedures and shall use the Public Service Commission's consumer complaint procedures to meet the dispute resolution requirements for Lifeline.

9.7 VERIFICATION OF CONTINUED ELIGIBILITY

9.7.1 General

9.7.1.1 The Lifeline program requires this ETC to annually monitor the continued eligibility of Lifeline participants by evaluating a statistically valid sample of Lifeline customers and report the results of the sample evaluation to USAC.

9.7.2 This ETC shall follow all federal procedures in defining the statistically valid sample and evaluating the eligibility of the participants in the random sample.

9.7.2.1 Subscribers who are part of the random sample and qualify through program based eligibility must prove their continued eligibility by presenting, in person, or sending a copy of their Medicaid card, other Lifeline-qualifying public assistance card, or other authorized documentation to establish continued eligibility in an approved program and self certify under penalty of perjury that they continue to participate in the Lifeline-qualifying public assistance program.

9.8.2.4 This ETC will terminate Lifeline services for subscribers who fail to demonstrate continued eligibility within the sixty (60) day time period.

9.9 RECORD RETENTION POLICY

9.9.1 General

9.9.1.1 The Federal Communications Commission has established specific record retention requirements for the Lifeline certification process. This ETC will have specific procedures to ensure its record retention policy complies with legal requirements.

9.9.1.2 This ETC, through its own recordkeeping or through the recordkeeping of the ALIVE Board and its third-party contractor on behalf of this ETC, shall maintain certification records for the period of time required by the Federal Communications Commission for all Lifeline participants.

9.9.1.3 This ETC shall retain certifications, signed by the subscriber, regarding the consumer's eligibility for Lifeline, including self-certifications, that income documentation accurately reflects the household income. This certification shall be retained at least as long as the consumer receives Lifeline service from this ETC or until this ETC is audited by the Administrator. This ETC shall maintain certifications for subscribers terminating Lifeline service for at least three (3) years after termination. Such records shall be maintained in compliance with all federal and Public Service Commission requirements and such records shall be provided to the Administrator or the Public Service Commission upon proper request.

Arkwest Communications, Inc.

Study Area Code: 401734

Response to Line 3010 – Milestone Certification (47 CFR §54.313(f)(1)(i))

Arkwest Communications, Inc. hereby certifies that throughout 2015, it took reasonable steps to provide upon reasonable request broadband service at actual speeds of at least 10 Mbps downstream/1 Mbps upstream, with latency suitable for real-time applications, including Voice over Internet Protocol, and usage capacity that is reasonably comparable to comparable offerings in urban areas and that requests for such service are met within a reasonable amount of time. If a request for broadband service at actual speeds of at least 10 Mbps downstream/1 Mbps upstream is unreasonable, and offering broadband service at actual speeds of at least 4 Mbps downstream/1 Mbps upstream is reasonable, Arkwest Communications, Inc. offers broadband service at actual speeds of at least 4 Mbps downstream/1 Mbps upstream.
